

Report Date	2026-09-10
Prepared For	Cantriva Leadership Team
Prepared By	Cantriva Solutions

Templates 5 Premium examples	Runtime .NET In process	Use Cases Invoices Reports, quotes, receipts
------------------------------	-------------------------	--

Summary

CantrivaPdf turns structured business data into branded PDF documents without a hosted API or browser dependency for supported templates.

Website Alignment

The example mirrors the Cantriva product positioning: practical document automation for invoices, reports, quotes, receipts, statements, and controlled HTML-to-PDF.

Template Coverage

Template	Scenario	Output
InvoiceProfessional	Customer billing	Branded invoice PDF
ReportExecutive	Leadership summary	Metrics and tables
QuoteProposal	Sales proposal	Terms and totals
